

AUSTIN ZILINCIK

Email: austinzilincik@oakland.edu | GitHub: github.com/austinz2428 | Michigan

EDUCATION

Oakland University - Rochester, MI

Bachelor of Science in Computer Science

Coursework: Data Structures, Algorithms, Compilers, Systems Programming, Computer Architecture

TECHNICAL SKILLS

Languages: C++, Python, JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL

Frameworks & Tools: React, Node.js, Tailwind CSS, Git/GitHub, Linux / Shell, Docker

PROJECTS & EXPERIENCE

LR-Compiler | C++, Systems Programming

- Implemented an LR parser and compiler handling syntax analysis, tokenization, and code translation.
- Handled formal grammar evaluations, shift-reduce conflict resolution, and AST generation.

Tesla-USB Utility | Python, Automation

- Developed Python automation scripts and drive management utilities for automotive storage devices.
- Streamlined partition configuration and data synchronization protocols.

Stock-Predictor | Python, Machine Learning

- Constructed predictive models analyzing financial time-series and volatility trends.
- Processed historical market indicators and evaluated regression forecasting metrics.

Developer Portfolio & Web Applications | React, Vite, Tailwind CSS

- Built responsive web platforms and developer tooling with live GitHub API integration.
